2. How do your existing outreach/outward ministries communicate God's heart and the story of the Gospel?
3. What needs of your community do you meet or want to meet in an outward ministry? What opportunities does your community provide that you can leverage?

4. How does the idea of discerning about an outward ministry strike you? Which form of discernment seems most helpful? What seems a bit of a stretch for you? Who do you discern with in your community?
5. Where are you in the process of 4-6? If 6, what is the ministry you're choosing moving forward?
